Summary

I am a freelancer based in the Turkey and I have been building creative UX/UI designs and android mobile application for years, which comply with the latest design trends. I help convert a vision and an idea into meaningful and useful products. Having a sharp eye for product evolution helps me prioritize tasks, iterate fast and deliver faster.

Skill Highlights

- Excellent Kotlin or Java programming skills
- Experience with version control systems
- Solid experience in software development experience, OOP, Algorithms, Design Patterns and Code Refactoring
- Very good knowledge of the Android SDK Frameworks
- Understanding of the full mobile development life cycle
- Good experience of working with remote data via REST and JSON
